

Tri-Fold

A tri-fold is a useful tool that helps you track your progress. By organizing the chapter topic into what you know, what you want to know, and what you learn, you can see how much you have learned after reading a chapter.

See how it's done.

1. Fold a piece a paper in thirds from the top to the bottom.
2. Unfold the paper so that you can see the three sections. Then, turn the paper sideways so that the three sections form vertical columns.
3. Trace the fold lines by using a **pen** or **pencil**. Label the columns "Know," "Want," and "Learn."
